Subject: Clarification on Dates of "Flexible Furlough" Program

The "Flexible Furlough" program announced yesterday has two key start dates. I have checked with the Governor's Press Office to clarify that the May 1 date is when the entire program begins (the .5 percent pay decrease will happen during the May and June pay cycles). The time off should be taken between June 1 and Dec. 31, 2009.

Sorry for any confusion that we may have caused in sending you all the materials on this topic.
