THANK YOU TO OUR SPONSORS!

★ Audio Enhancement | audioenhancement.com

With special guest PowerUp EDU | powerupedu.com

For 40 years Audio Enhancement has been creating innovative technology that promotes more effective classrooms. Audio Enhancement's SAFE System connects teachers and classrooms to first responders for quick response and communication. This revolutionary system captures audio and visual classroom proceedings for just-in-time help. Adding Audio Enhancement's latest EPIC System connects educators to the front office for an extra level of safety and assurance for those in the school and classrooms.

PowerUpEDU, a Georgia-based company, is passionate about education and is focused on the support of teachers and their students.

We provide classroom solutions in technology and professional development, along with the resources to assist. Whether it's whole group instruction, classroom sound and video, personalized instruction, STEM solutions or wireless classroom solutions, PowerUpEDU has many options to offer as your educational partner. Our expertise and unique approach can help empower educators to deliver an integrated and engaged classroom that will improve student performance.

★ Blackboard | blackboard.com

Blackboard helps you solve your most critical challenges in education to drive institutional and student success. The education landscape is continuously evolving, which is why we're focused on providing you the technology, tools and support to transform so that you can meet the specific needs of your students. We are your partner in change - working alongside you to enable success for your institution or organization with innovative technologies and services.

Encore Technology | encoretg.com

Encore Technology Group has been providing educational solutions for more than 20 years and has unique competencies, proven practices and strong partner relationships that help organizations rethink technology and leverage it as a way to access and manage data, engage stakeholders, and measure results. We provide comprehensive solutions for IT networks, hardware and software virtualization, structured cabling, interactive classrooms, unified communications, physical security, managed and cloud-based services, and much more.

Hanover Research | hanoverresearch.com

For over 10 years, Hanover Research has supported 700+ district leaders in answering questions in high-priority areas ranging from curriculum and instruction to school climate, operations, social-emotional learning, human resources, strategic planning, and more. We identify best practices, garner input from stakeholders, and determine the impact of programs and investments on student achievement. For a fixed annual fee, Hanover members have unlimited access to custom research from our team of over 200 survey experts, statisticians, qualitative analysts, and primary researchers.
